**HOLLY HAWK**  
*For*  
1938

SECOND EDITION

*Published by*  
THE SENIOR CLASS OF  
MOUNT HOLLY HIGH SCHOOL  
MOUNT HOLLY, NORTH CAROLINA

## FOREWORD

*AS WE, the class of 1938, reach the goal of all students—graduation, our thoughts are mingled with sadness and joy. Our happiness has been marred with sorrow at the realization that we are leaving M. H. High and our classmates forever.*

*When we look through this book in after years, if old memories are revived, and we are caused to live our happy school days once again in our minds, then this volume of THE HOLLY HAWK has accomplished its purpose.*

# DEDICATION

TO YOU *who have endeavored to prepare us for a helpful and successful life by your willing co-operation, wise counsel, sympathetic interest and constant companionship, as a humble tribute to you, THE FACULTY, who have meant so much in our young lives, we dedicate this volume of THE HOLLY HAWK.*

## SENIOR CLASS HISTORY

During the many years of the history of Mount Holly High School, there has been no year as important in the history of the school as that of 1934. It was in that great year that one hundred and five girls and boys, with the broad highway of knowledge stretched before them, first made the firm foundation for the class of '38. We knew not what lay before us then; the future was clouded by the mist of uncertainty.

Our class was divided into two sections with Richard Rankin as leader of the A section while J. W. Moore, Jr., was chosen to guide the B section. But the fact that we were freshmen did not take any of the joy from our first year in high school.

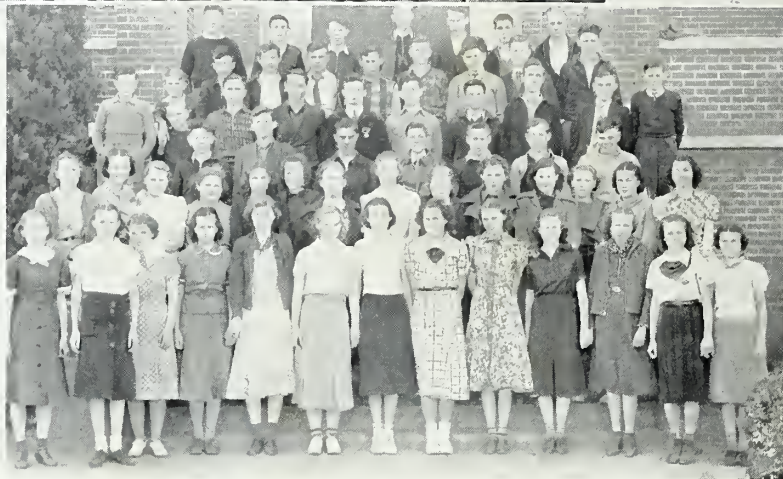

In the fall of 1936 our arrival was still more important for at last we were Juniors. We could now look a mighty senior in the face without shame. We were even sorry for them as they were soon to leave our dear old Alma Mater, while we had another year of school life. After a few months, J. W. Moore, Jr., our guide, left us, and Richard Rankin continued his guidance.

Next we were Seniors. The joy of almost feeling our diplomas between our fingers was indescribable, although we were saddened at the thought of leaving our school forever. Richard Rankin was again selected to lead us through the final journey. After we had progressed a few months, it became necessary for our home room teacher, Miss Lipscomb, to leave us a few months, due to illness. During her absence, Mrs. F. M. Mellette, successfully filled her job. This year we accomplished many difficult things.

When at last we reached the top, we realized that our class had diminished since we had started the journey, but we could still have that honorable title of being the largest class of Mount Holly High to stand on the Rock of Graduation.

MILDRED DUNN, *Historian*.

## JUNIOR CLASS ROLL

A. S. Holt, Jr., Teacher; Mamie Allison, David Autry, Jack Batchelor, Helen Beatty, Helen Benfield, Margaret Bruce, Frances Brittain, Ruby Bumgardner, Ruth Bumgardner, David Cox, Bill Craig, Roger Estridge, Mabel Farrar, Howard Flowers, Dempsey Fortner, Lena Mae Harkey, Charles Hayes, Glenn Holobaugh, Gwendolyn Hobbs, J. ## *“Let’s Go Modern . . . It’s Really Cheaper”*

The progressive family that today is using electricity for refrigeration, for cooking and for water heating is not only enjoying the manifold advantages of these automatic home services, but they are actually saving more money. They are living better, more comfortably, without the drudgery, labor and worry that attend the old methods—they are actually **LIVING BETTER** for **LESS**.

It costs the average family less per day than the cost of a single loaf of bread to cook electrically. Automatic hot water service through an electric automatic water heater is available also to the average family for less than the price of a package of cigarettes per day.

The cost of electric automatic refrigeration to the average family is little more than the cost of a package of chewing gum per day.

Electric refrigeration, electric ranges, electric water heaters—any of these appliances of the makes you are likely to desire may be had on terms to fit your budget. Easy to buy—inexpensive to operate—and yet they bring indescribable comfort and freedom from work and worry.
